1. The National Oceanic and Atmospheric Administration; the State of California acting through the Department of Parks & Recreation and the Department of Fish and Game; and the Department of the Interior, acting through the U.S. Fish & Wildlife Service and the National Park Service are the natural resource trustees (Trustees) responsible for restoring those natural resources injured as a result of the oil which was released from the *SS Cape Mohican* and from the drydock operated by San Francisco Drydock, Inc. on October 28, 1996.
2. The Trustees have entered into a Memorandum of Understanding (MOU) among themselves for the purpose of coordinating the performance of their trust responsibilities.
3. The MOU requires the Trustee Council to approve a budget for planning and implementation activities, for the duties to be performed by the Lead Administrative Trustees (the National Park Service and the California Department of Fish and Game), and for the administration and oversight of the various restoration projects.
4. The Trustee Council hereby approves the budget attached hereto for such purposes for fiscal year 2001 (October 1, 2000 to September 30, 2001).
5. In addition, the Trustee Council previously approved the payment of \$20,000 to the California Department of Fish and Game for the purposes of funding a land appraisal for a potential restoration project (Memorandum dated June 8, 2000). This payment is reflected in the FY 2001 budget.
